AL★ARMNZ.COM

Nurse Call and Medical Monitoring

SERVICE BENEFITS:

- All Medical Sensors Supported
- All Nurse Call Controllers Supported
- Unlimited Alert Messaging
- Android / iOS App Support
- Client / Service Co. Web Portal
- Extended Zone Point Support
- Automatic Online Reports
- Auxiliary Inputs for Subsystems
- Ambulance service available

SERVICE DESCRIPTION:

Our healthcare monitoring solution supports all leading brands of nurse call and medical alarm equipment used in private homes, retirement villages and base hospitals. We also support remote web viewing and activity detection via smartphone apps by any family member or your nominated outside agency. Our platform supports all forms of physiology monitoring in conjunction with regular call buttons and low activity alerts.

IDEAL FOR:

- Aged Care Facilities
- Hospitals
- Independent Living
- Assisted Living
- Private Homes
